New Business

Dave Burman reached out to Barucco regarding Haverford Township Library (045-HA-077)
Plan to install a vent on the front of the building

Sub-committee of the HTHC (Barucco, Lucci, and Hoffman) met with architects to review proposed vent

An alternative location is not feasible

Vent will be smaller than shown on submitted documents, and located to make it as unnoticeable as possible

Barucco will speak at March 6 meeting of Haverford Democrats who have invited representatives of all commissions to explain what they do

HTHC numbering system

Mattox reached out to Kate Clifford, Delaware County Planning Commission to find out what numbering system should be used for properties added to the Survey

HTHC adding three properties

Mattox will check with Pennsylvania State Historic Preservation Office to ensure compatibility with their system

1 Mill Road

Residence near Haverford Township Library (045-HA-077) demolished

To be used for library parking

Llanerch School (045-HA-073)

Recently came before Zoning for a parking matter

Should have come before HTHC due to this being a historic resource

Group Discussed Possible Goals for 2024

Continue to engage and coordinate with zoning staff to ensure that processes are in place so that relevant projects come to HTHC

Finish the brochure

Ensure documentation of properties over 50 years old that are proposed to be demolished

Meeting adjourned at 8:38 (Lucci motioned, Ramona seconded, all in favor)

3244 Darby Road, Haverford

Applicant: Cathy L. Neely, Owner

The proposed project at 3244 Darby Road is before the HTHC in compliance with the Ordinance requirement that the HTHC review the impact of projects proposed within 100' of historic Township resources. 3244 Darby Road is within 100' of The Federal School (045-HA-34) and home of the Cooper (045-HA-092) and the Barn (045-HA-037).

Application is to increase the height of a portion of 1-1/2 story wing on the main house to 2-1/2 stories. The new addition will have horizontal Hardie Plank siding and new Andersen windows. A new hood installed over the rear elevation doorway will have a standing seam copper roof.

Materials look appropriate for the period, but HTHC members expressed concerns regarding massing.

Submitted drawings (dated 13 December 2023) don't reflect the project as described by the applicant at the meeting.

Sub-committee will meet to discuss the project and provide a letter summarizing concerns discussed at the meeting to Ms. Neely.

Jack Burns, Jack Burns Architecture

A continuation of the project review begun at the HTHC April 2024 meeting.

The HTHC sent a letter to Ms. Neely with a summary of recommendations on April 18, 2024.

The proposed project at 3244 Darby Road is before the HTHC in compliance with the Ordinance requirement that the HTHC review the impact of projects proposed within 100' of historic Township resources. 3244 Darby Road is within 100' of The Federal School (045-HA-34) and home of the Cooper (045-HA-092) and the Barn (045-HA-037).

Mr. Burns said that updated plans were sent to the Township, but the HTHC did not receive any update plans prior to this meeting.

Mr. Burns shared plans at the meeting that included the following:

roof will be about 25 feet, making the pitch as steep as possible.

standing-seam metal roof to be a copper color.

the intent is to recreate the “chunky” sill on the four new windows.

working to get the interior space desired by Ms. Neely.

will email updated drawings later in the week.

Ms. Neely expressed an intent to salvage some windows while needing to replace the one under the gable.

Concerns of the HTHC

Massing is so great as to overwhelm the existing building, particularly the height of the roof and the gable dormer and transom.

Principal window opening (in gable dormer) recommended to be rectangular, to match existing windows.

No updated drawings received prior to meeting.

Approval of Minutes for April 2024

Revisions offered.

Updated minutes will be presented at May 2024 meeting for approval.

Nitre Hall (045-HA-10)

Haverford Township Historical Society wants to install 18” concrete slab in the park adjacent to Nitre Hall, along Karakung Drive, to serve as a stage for events..

Subcommittee reached out to suggest that a different material be used.

Alternatives to be explored.

Heritage Festival

Mattox previously sent a SignUp Genius link for volunteer slots and will resend it.

Ramona will get a picture of the plaque.

HTHC Brochure

Mattox will remind Barucco about revisions needed in time to have new brochures for the Heritage Festival.

Proposed revisions will be sent to Lucci who will make some copies.

Planning Commission Updates

Three additions planned for Chatham Park Elementary.

Gas station at 102 West Eagle Road to be demolished.

Addition to the Art Studio (Renovated Garage) at the Quadrangle, 3300 Darby Road, Haverford (045-HA-041)

Applicant: Deepannita Ghosh, LEED AP BD+C, Converse Winkler Architecture

Review of revisions to plan originally discussed by HTHC at meetings on 5/15/2023 and 6/20/2023

Hip roof to match existing slate roof, using faux slate

Brick to match existing façade, using darker brick banding

Thinner profile on bay window to look more like steel casement windows on existing structure

Color of dormer sides to be cream, one of the colors of the manor house

Muntin configurations to be as close to existing as possible

Installing ADA-compliant door

Concerns from HTHC regarding varying window heights

Ghosh will look into matching sill heights

Ghosh will revise elevations to gain uniformity of window alignment

HTHC recommendations

Brick and color are fine

Subcommittee will review window adjustments and relay feedback as soon as possible once submitted by applicant

Applicant: Cathy L. Neely, Owner

Jack Burns, Jack Burns Architecture

Burns described revisions to plan (dated 13 June 2024) made in light of HTHC recommendations made at meetings on 4/15/2024 and 5/20/2024

Height reduced to bring down overall massing

Reduced transom windows from three to two

Reduced overall scale

Responses from HTHC members

Massing is a step in the right direction.

Round-arched window out of place with character of existing building. A square window recommended for consideration instead.

Height and size of large window facing Darby Road is not consistent or compatible with windows throughout the home.

Some materials still listed as "TBD" on plans should be identified.

Strong verticality of large gable adds to massing which is incompatible with the character of the house.

Burns will make revisions to Darby-side elevation and send prior to HTHC meeting on 7/15/2024

Burns submitted revisions (dated - 7/8/2024) to plan made in light of HTHC recommendations made at meetings on 4/15/2024, 5/20/2024, and 6/17/2024:

Roofing materials to be:

Asphalt shingles

Standing seam metal roof to be bronze-colored aluminum

Existing chimney to be reconstructed

Trim boards to be 1x6 throughout, around rakes and eaves

1x4 backband for windows and siding to be replicated

Andersen 400 windows to be used

Six-pane window placed higher to clear roof

Gutters to be half-round

Arched window to be same height as previous submission

Neely mentioned that previous input from HTHC has been helpful, especially earlier comments regarding massing.

Approval of HTHC Meeting Minutes from July 2024

Mattox motioned to approve minutes as revised.

Minutes approved unanimously.

Frog Tavern, 3345 Darby Road, Haverford (045-HA-094)

Applicant: John Willard, Owner

Willard explained that his insurance company gave him over \$100,000-worth of repairs to make to the several buildings on his property in two months.

The beams and posts of the porch on Frog Tavern were rotted.

Willard was not happy with the porch since he believed it wasn't contemporary to the house so he replaced it with a design that he found in researching other homes built during the same time.

The work is already completed.

Barucco noted that the original posts were part of an addition in the early 20th century such that using an older design for the porch replacement did not reflect the historical record of the addition.

Lucci motioned to approve the work retroactively.

Ramona seconded.

The motion passed with a vote of 4-3.

Hoffman, Lucci, Ramona, and Roy in favor

Barucco, Mattox, and Swift opposed

The applicant was commended for his overall stewardship of this historic resource and was encouraged to continue to work with the HTHC going forward.

The Quadrangle, 3300 Darby Road, Haverford (045-HA-041)

Applicant: Mimi Winkler, AIA, Converse Winkler Architecture

Deepanita Ghosh, LEED AP BD+C, Converse Winkler Architecture

Winkler and Ghosh addressed issues raised at the June 2024 meeting of the HTHC.

Previously, there were concerns about the head heights of windows.

This was a draftsman error and has been corrected.

Hoffman noted that the revised plans make architectural sense.

Ramona motioned to approve plans as submitted

Roy seconded.

Plans approved unanimously.

Planning Commission Updates - tabled

Interest in Historic Resources Survey

Molly & Karen Rossi of 402 Llanerch Avenue were curious about the process of having the property assessed for inclusion in the Historic Resources Survey.

Barucco noted that the property is not currently listed in the survey.

Times change so new properties can be added.

The Historic Preservation Ordinance (Ordinance No. 2273) lays out the process for adding properties, usually ones of architectural value or that are associated with an important person or event.

The Haverford Township Historical Society (HTHS) would be a good place to start in determining if 402 Llanerch meets these criteria.

Historic District Ordinance Research

Barucco will reach out to Tristan Grupp to discuss.

Nitre Hall (045-HA-10)

Kate Clifford said that there will be a meeting regarding the HTHS's proposal for a permanent stage on the land adjacent to Nitre Hall.

One challenge of this project would be the addition of a roof since that makes this a structure so they may go with just a stage.

HTHS may get an aluminum stage that can be moved instead of the permanent stage.
